

ELECTRONIC TRADING OPPORTUNITIES

Offers and demands for products and services from all over the world are posted daily in the Electronic Trading Opportunities system (ETOs), of the **WTPF** World Trade Point Federation web side.

Currently, this service is offered free of charge. Every interested company can post its offer or demand, which will remain in the WTPF site for 30 days.

Beyond posting, companies may also search the archives of the WTPF web site to locate offers and demands of their interest.

To ensure Maximum results, your "Demand - Offer" will be cross-posted to major Trading Sites Internationally. Your "Offer -Demand" will therefore reach thousands of manufacturers, professional service companies, traders distributors, in all major or emerging markets "right on their desk".

How to post an 'Electronic Trade Opportunity' (ETO)
