

WHY SHOULD YOUR COMPANY BE REGISTERED?

After having registered, you will immediately be able to benefit from:

Daily global advertising for your company through the listing of your company profile and contact data on a global portal visited by a wide range of potential customers;
Hotlink to your company's web site;
Availability of an advanced search engine on the portal allowing easy identification of your company by potential customers;
Association with a world-wide trade lead network covering nearly 100 countries.

As soon as the full set of services is operational on the WTPF portal, you will also be able to:

Directly post business opportunities using your password;
Create your personal profile and receive by e-mail all ETOs corresponding to your pre-set areas of interest;
Benefit from access to well-documented business opportunities where essential information is mandatory and hence, always present;
Search the ETO database using the advanced multi-criteria search engine;
